## **News Flash!!!!!!!!!!!!**

**We have another new member who joined at our February meeting, his name is Matt Hassler and he fished Falcon with us in February...**

**For those of you who not paid you dues for 2011 please get with Mitch to do so either by mail:**

**Mitch Strait

San Antonio, Texas 78251**

**Or see him at the February meeting or tournament at Falcon Lake...**

## **OK**

**At the February meeting there was not anyone that was really for or against joining TABC,,,,, so those present felt like we would not join as there was not a lot of support for it.....**

**Well guess what..... At the tournament at Falcon some folks inquired as to why we did not join.....**

**So this is the last time I am going to talk about it in the newsletter, if you are for Helotes Bass Club joining TABC either call me or email me or show up at the club meeting on March 2, 2011 to voice your opinion...**

Let's say we have 12 people who want to join and no one else wants to.... The only way we could do if they feel strongly about it would be to sponsor/pay for 8 additional members so we could come up with a total of 20 members.

Ngarm & I will do what ever the majority want to do... If we had 12 say yes then we would sponsor someone to help get the club up to 20 members...

This year's TABC tournament is 90% sure it is going to be at Falcon Lake, there are members who feel we would do well if it was held there.

So there you have it,,,,,, Speak up now if you feel strongly about it...

The tournament cost for your 8 representatives from your club would be 400\$, which could be paid for by the club or the individuals depending upon what is decided upon.

Our deadline to join is April 15<sup>th</sup> when a current roster and fees are due....

President's note:

Well, what a great Feb. tournament at Falcon and just think we were still a few weeks from the major spawn from the State park area. As for Charles Parchman, he is on **FIRE!!!!** He broke our club BIG Bass record that held for over 20 years. Charles already has over 100 lbs for the year. Can he be caught, maybe, maybe not? I'll be trying my best. And Bob catching those 5 patch fish on Saturday. Great stringers! Now we are heading to Amistad with the approaching full moon again, look out guys and gals. Life is good!!! Good luck to all and be safe.

Good luck to you all,  
Felix
